VOLUME 7, CUMULATIVE INDEXES, 1971

NATIONAL CLEARINGHOUSE
FOR MENTAL HEALTH INFORMATION

CRIME AND DELINQUENCY ABSTRACTS

Crime and Delinquency Abstracts is a publication of the National Clearinghouse for Mental Health Information of the National Institute of Mental Health. It is one of several publications issued by the Clearinghouse as part of its comprehensive mental health information service. Crime and Delinquency Abstracts contains abstracts of the current published scientific and professional literature and of current ongoing research projects. Investigators who are engaged in a research project on crime and delinquency are invited to send a summary of the project to the Editor, Crime and Delinquency Abstracts, National Clearinghouse for Mental Health Information, Office of Communications, National Institute of Mental Health, 5600 Fishers Lane, Rockville, Maryland 20852.

Copies of the complete article, book, or research project are not available from the Clearinghouse at this time. To obtain the full copy, it is necessary to use library facilities or to write to the author, publisher, or principal investigator.

Crime and Delinquency Abstracts was formerly entitled International Bibliography on Crime and Delinquency, and Volume 4 of the Abstracts continues the serial publication numbering begun with the International Bibliography. Volume 3 of the International Bibliography was the first to contain abstracts.

Use of funds for printing this publication approved by the Director of the Office of Management and Budget, September 8, 1970.
